

A life of smiles cosmetic dentistry

A Life of Smiles Cosmetic Dentistry of Grand Rapids focuses on improving your smile and your overall health. Carrying on his own family's third generation dedication to family dentistry, Dr. Jerry B. Mulder, D. D. S. personally offers more than 25 years of seasoned, caring experience.

"A beautiful smile is priceless and can truly change the way a person feels about themselves," Dr. Mulder observed. "I am always amazed to see a person's confidence level soar after he or she has had a smile makeover."

Leading a team of highly skilled individuals trained at one of the nation's leading cosmetic institutions, Dr. Mulder also treats TMJ disorders including the head and neck pain associated with a poor bite. "A person's bite is such an integral piece in developing a beautiful smile," he emphasized.

Services also include implant dentistry as well as one-visit, same-day crowns and ceram-

ic restorations. Financial planning assistance is provided.

"I have always felt my mission in dentistry is to provide the best care available at a fair price," Dr. Mulder shared. "I treat each patient as I would my own family — it's my own assurance they are receiving the very best care."
